Dutch Treat Lunch on Saturday

For those who do not have a meeting during the lunch time, and would like to partake of the local flavor, we are planning lunch at Packo's at the Park (Tony Packo's), a short walk from the hotel (or use the hotel shuttle). You might remember watching M*A*S*H and hearing Corporal Klinger (Jamie Farr) talk about his home town, Toledo, and Tony Packo's. Here is your chance to sample the famous Hungarian hot dogs and chili (among other things) that Klinger spoke about. Experience their world-famous Packo's Hungarian Hot Dog, Packo's Golden Ale, Packo's Premium IPA, fried pickles and other classics. Check out their menu at tonypacko.com.

DORA (Downtown Outdoor Refreshment Area)

Downtown Toledo has two outdoor refreshment areas, and it just so happens that the Park Inn by Radisson sits within the boundaries of one of them! You can enter one of the eating/drinking establishments, purchase a drink in a special cup and then walk around outside, within the boundaries of the refreshment area. DORA covers approximately 20 city blocks, so if we have nice weather, you can walk around and view the area, while enjoying your favorite beverage! In addition, there are several roof top bars that you can access as well, and enjoy the skyline and downtown views at a different height!
